# Gender Analysis and Planning

## Face to Face Training

Development planners and NGOs are increasingly committed to incorporating a gender perspective into their programmes. However, many face challenges in its practical and systematic application to their work. This course will enable you to effectively and systematically analyse contexts and plan development and humanitarian programmes from a gender equality perspective.

---

### Objectives of the course

By the end of the training participants will:

- Have explored the intrinsic relationship between gender and development
- Be able to integrate gender into contextual analysis, and to use gender analysis frameworks effectively
- Be better equipped to integrate gender into strategic and operational planning
- Have acquired methods of creating gender awareness within development practice.

---

### Intended audience

This course is intended for gender advisers in NGOs and UN agencies, and development practitioners with an interest in gender mainstreaming.

---

### Core content areas

- Historical overview and policy approaches to gender in development
- Conceptual exploration of gender and development terms
- Gender analysis: Tools and frameworks
- Analysing gender and: (according to participant interest)
  - Human rights
